

E27 LED Integrated Bulbs For ZL Low Intensity Obstacle Lights

Light Characteristics	
Light source	High Power SMD LEDs
Color	Red
Lifespan of LED	100,000 hours
Light Intensity	10cd; 32cd, 50cd available.
Flash frequency	40fpm or other frequency as per request.
Steady burning	Adjustable switch by users
Electrical Characteristics	
Operating Mode	AC85V to AC265V and DC12 to DC60V both works (Common type, any voltage can used directly)
Photo Sensor	Built in
Power Consumption	2W 10cd; 3W 32cd; 5W 50cd.
Physical Characteristics	
Body/Base Material	Aluminum
Holder	E27 base
Weight(kg)	0.3kg
